ren web

ParentsWeb

RenWeb's ParentsWeb is a private and secure parents' portal that will allow parents to view academic information specific to their children, while protecting their children's information from others. You can see your child's grades, attendance, homework and conduct, as well as other useful school information. You can also communicate with teachers and other school staff online whenever necessary. All you need is an Internet-capable computer.

Here's how to access our easy-to-use **RenWeb ParentsWeb**:

- Go to Internet Explorer and enter in Silliman's Website **www.sillimaninstitute.org**
- Click **Parent Renweb Login** in the top right corner. This login can also be found on the school's website under the tab for parents and the tab for links. If the school's website is not working you can access RenWeb directly at **www.renweb.com** and then click the ParentsWeb Login on the left side of page.
- Log in as follows:
    1. Click the **First Time Users** tab if you have not logged in to RenWeb before. If you have, skip to Step 5. The school's district code is TSI-LA.
    2. Enter your email address that you provided to the school.
    3. Click the **Remember My Email?** Box if you would like the login screen to automatically populate your email address on subsequent logins.
    4. Click the **New User** button. You will receive an email containing your password within 3 minutes (to the email address you entered, which must be the same email address that you provided to the school).
    5. Click the **Parents** tab.
    6. Enter the password assigned.
    7. Click the **Parent Login** button.

You should now be logged in to the School Information home page of ParentsWeb. To learn more about ParentsWeb, click the **Tour the New ParentsWeb** button to take a 6-minute video tour.

Note: If you are on a dial-up connection and experience long delays in loading the web pages, please select the **Dial-up** option on the Parents login page before clicking the **Parent Login** button. This will take you to a dial-up version of ParentsWeb that contains the same information but in a dial-up-friendly environment that requires fewer graphics.
