

2018 TRACK SEASON

Dear Parents of track participants,

We will be hosting three invitational Meets, Varsity District and The South State Field and The South State Track Championship meets (6 total). We will need everyone's help to make our season a success. It takes a tremendous number of parent and student workers to run a track meet. We realize that one parent may be helping on the track with events while the other is in the concession stand or grill, but it takes that many workers to make this work. The amount of help needed to run a track meet is tremendous and we have to ask help from a lot of parents that are not even involved in track or this school in addition to the parents of the students involved. This extra help is greatly appreciated. If your student's name is on here they have been on the track team past the grace period time and are considered as part of the track team. **Therefore, if they quit during the season you are still required to work the shift.**

The concession schedule will not be feasible for everyone and we are aware of that but there is no way to make it work entirely in everyone's favor. **Please swap with another parent if you cannot work at your designated time. I have included phone numbers so it would be easier if you need to swap with someone. Also let me know what shifts get swapped so we can know who to be looking for in each spot. PLEASE DO NOT CALL US AND TELL US YOU CAN NOT WORK THE DAY OF THE MEET, WE ARE TOO BUSY ON MEET DAY TO HAVE TO FIND A REPLACEMENT FOR YOU. If you do not show up or do not switch with someone to cover your shift we will charge your school account \$50.00.** Also if you are scheduled to work during a time when your child is involved in an event the other coworkers surely will understand and allow you to watch your child during that time. We work together as a team even as parents. We have also been asked that no smaller children be allowed in the concession stand. We cannot do this without your help and we are counting on everyone involved. All concessions money goes directly to the track account needed for uniforms, repairs, equipment, upkeep of facility and traveling expenses. We are looking forward to a successful track season- Thank you in advance for helping make this a very successful track season! Please call us if you have any questions
